

A close-up photograph of a Tanova Simplex trash bin. The bin is a dark, rectangular unit with a light-colored, possibly white or light grey, front panel. The front panel is slightly ajar, revealing the interior of the bin. The bin is mounted in a dark-colored cabinet. The lighting is soft, highlighting the textures of the materials.

Tanova Simplex - top-selling space-efficient range with an extensive model offering encompassing options for installation with a drawer front or behind a hinged door.

Cabinet front or hinged door? You choose!

Models for installation behind a hinged door make retrofitting easy

Strong and smooth (just like your coffee)

A 1.2mm gauge steel frame plus 45kg soft close ball-bearing slides makes for strength, durability and smooth running

Contemporary colour

Modern Umbra Grey frame with Charcoal bucket combination (With Classic White also available on the most popular models)

Easy rear bucket removal

On most models, overextension runners extend further beyond bench edge to allow rear bucket removal without having to remove front bucket first

Super selection

Large range ensures suitability for almost all projects, including models for cabinets from 200mm to 450mm wide, with both 'drawer' and 'handle' types

But wait there's more ...

Some models are also available with push to open function helpful when hands are full or dusty)

Engineered for **simplicity.**

At Tanova, we're not great fans of gravity lids. We have been there.

We believe that gravity lids add complexity and, given that any odour is apparent only when the bin is open, that the drawer front on your waste bin system seals odours just as effectively as a gravity lid (and avoids the need for yet another cleaning task.)

Best of both worlds

Tanova Simplex Plus offers the best of both worlds – enclosed runners for streamlined looks and easier cleaning while remaining well-priced.

Marvellously modular – options for popular cabinet widths – 400mm and 450mm

Family sized – options with two 36L buckets for busy households

Strong and stable

Heavy gauge steel carriage plus 30kg soft close undermount slides provide strength, durability and stability.

Enclosed runners

Simplex Plus frames enclose the runners for streamlined looks and easier cleaning.

Classic white

Simplex Plus kitchen waste bins feature a white frame and buckets for a clean, classic look.

Super-sized

Simplex Plus units are designed for wider modular cabinets; 400mm and 450mm wide.

RETROFIT-READY

With an option to suit most existing drawer brands, **Tanova Drawer Insert** systems are ideal for retrofitting. The frame and buckets sit atop your drawer, giving all the convenience of a pull out kitchen waste bin without a complex installation process.

Tanova Drawer Insert systems are ideal for retrofitting. Sitting on your drawer, they provide the convenience of a pull out kitchen waste bin without a complex installation process.

Options compatible with Legrabox drawers

Models for drawers up to 600mm wide

Simple but strong

A simple but strong powder coated steel frame inserts into your drawer, holding buckets, provided complete with lids, in place.

Colour combos

Tanova Drawer Insert Systems feature a white frame and buckets in either white or charcoal, depending on your preference. Models designed for Legrabox are also available with an Umbra grey frame.

Size selection

With frames to suit modular cabinets from 300mm to 600mm wide, there's a Tanova Drawer Insert System to suit you!

Widely compatible

Sized to fit into most drawer brands, there's also models designed specifically for compatibility with Legrabox drawers.
